Santa Ana High School is a special place full of special people. The fun that we have is based upon the interaction of individuals, unique in their own way. In other words,

IT TAKES ALL KINDS

STUDENT LIFE

Have you ever stopped and wondered what really happens with the lives of the different students at Santa Ana High School? When first hearing this question, it may not seem important to you; but with so many different personalities, interest and activities at Santa Ana High, this question cannot be overlooked.

Having such a variety of different personalities at our school resulted in a well-rounded balance of activities and interests. Whether it was participating in classroom discussions, enjoying a KROG and KUTE 102 dance, or just sitting in front of school watching the cars pass, each student added his or her own personality contribution to the student life at SAHS.

IT TAKES ALL KINDS of students to develop the unique type of student life we had at Santa Ana High. The classroom activities, athletic events and extra-curricular activities of the past year revealed what happened in the lives of each and every student.

ACTIVITIES

Yes, it does take all kinds. The activities of our campus prove that. Our students find various ways to present themselves and show their spirit. Students bring out many different ways to let their school pride shine through, both on and off campus. These next few pages illustrate our meaning when we say, "IT TAKES ALL KINDS."

Dances are one example. Due to the varying tastes of students, different types of music are played. How some students choose to dance to their favorite songs is really a sight to see. Pep assemblies is another place for students to express creatively themselves. Where else can one score points for their class by yelling like a madman?

These are only a few examples of student pride. Among others are class competitions, events, fundraisers, dress up days and more. And for Santa Ana students, it truly takes all kinds.

CARNIVAL

BY BOB MERRILL

Broadway will always be a little longer than the New York street which bears its name. It will always be a little brighter than the flashing array of bulbs which herald the opening of another smash musical. The Broadway Musical is a unique theatrical form that is strictly American born and American bred.

And like Americans, Broadway will continue to change and to grow. Each decade brings us absolutely dazzling new surprises mid the wonderous mix of revivals of years gone by. Written in 1961, **CARNIVAL**, by Bob Merrill is about a circus star named Lili. Directed by Ms. Phylis Randell, **CARNIVAL** was a delightful way to spend an evening at the theatre.

The theme of this year's Homecoming ceremony was "New York, New York." The week that preceded the coronation was full of many activities. There were the traditional Dress-up days — Pajama Day, Western Day, Rockabilly Day, Toga Day, Red & White Day — and many class competitions, including a Baby-bottle drinking contest, an ice-cream eating contest, and a Burrito-eating contest.

The Homecoming ceremony took place on November 5, 1982, when the Saint football team played Orange High at Eddie West Field. Homecoming finalists Jackie Serna, Rhonda Wilson, Ruth Garcia, and Sonia Guillen eagerly awaited the final outcome of the voting. At half-time, each finalist was escorted onto the field in a limousine. Elena Payan, the 1981 Homecoming Queen, was also on hand to crown the new queen. When the envelope was opened and the final results read, Ruth Garcia was 1st runner-up, Rhonda Wilson was 2nd runner-up, Sonia Guillen was 3rd runner-up and Jackie was proclaimed Queen. The Saint's football team was up for the occasion beating Orange High handily.

After the game, many of the students went to the gym to enjoy the Homecoming dance. Music was provided by disc-jockey Joe Green from KUTE-102 FM. Those in attendance danced to the midnight hour. The successful Homecoming dance was the concluding part to a very eventful week of activities.

SPORTS

Since the time of the ancient Greeks, sports has been an intricate part of society. Our love affair with sporting events stems from our intense desire to compete. The spirit that is generated by athletics fills the hallways of Santa Ana High and makes our school an exciting place to be. The decades of athletic excellence are carried on by today's fine competitors here at Santa Ana High.

Equally important as the athletes are the fans. Their support and dedication are just as needed as that crucial game-winning play. Tommy Lasorda, the coach of the world renowned Los Angeles Dodgers, once referred to the fans as the tenth player. From the proverbial "Arm Chair Athlete" to the professional sportsmen, it definitely TAKES ALL KINDS.

H₂O Polo

The S.A.H.S. Varsity water polo team had a very strong group of players. As a result of the team's growth in strength and number of players, they greatly improved their record over the last three years.

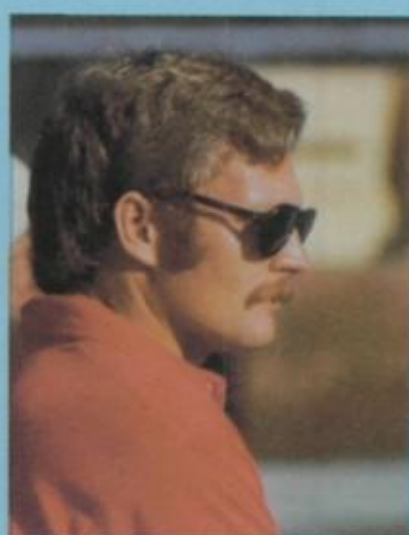

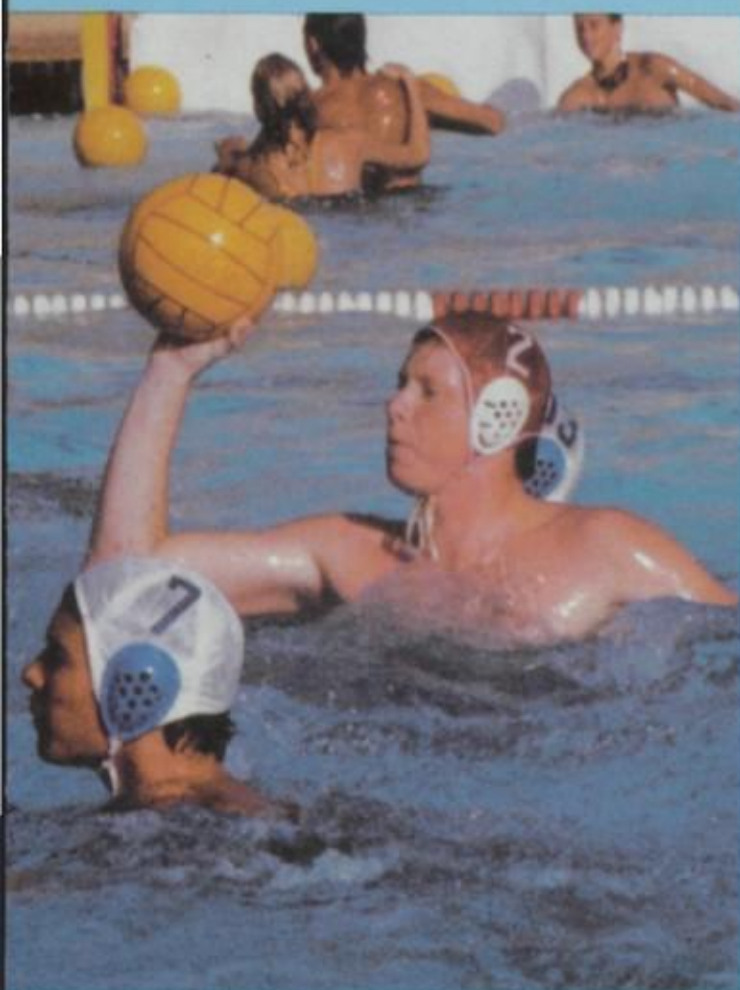

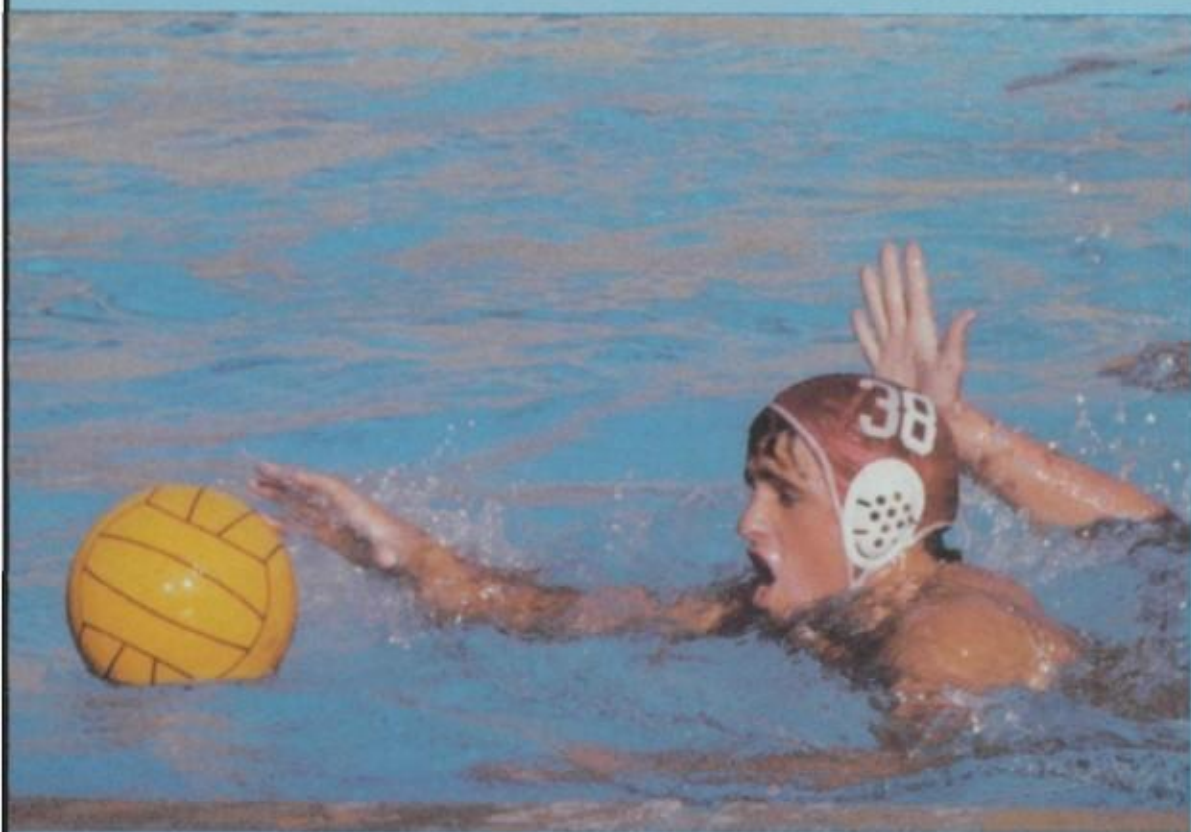

The team started the season playing in the Irvine Heritage Water Polo Tournament and won the consolation bracket by defeating Laguna Beach 9-8 and Westminster 14-7. They also participated in the Estancia High Water Polo Tournament and once again faced Laguna Beach and won 8-6.

The Saints did well in league play, taking fifth place in a close race for the top league positions. They won their league opener against El Modena 17-8 and went on to defeat Canyon High 14-10 and Orange 14-13, making their final league record 3-4.

At the start of the season, Santa Ana was rated eighth in C.I.F. but did not make the playoffs however, because of a few psychological errors. The team obviously had the strength and endurance needed to perform well, and as a result, finished the season with an overall 8-10 record.

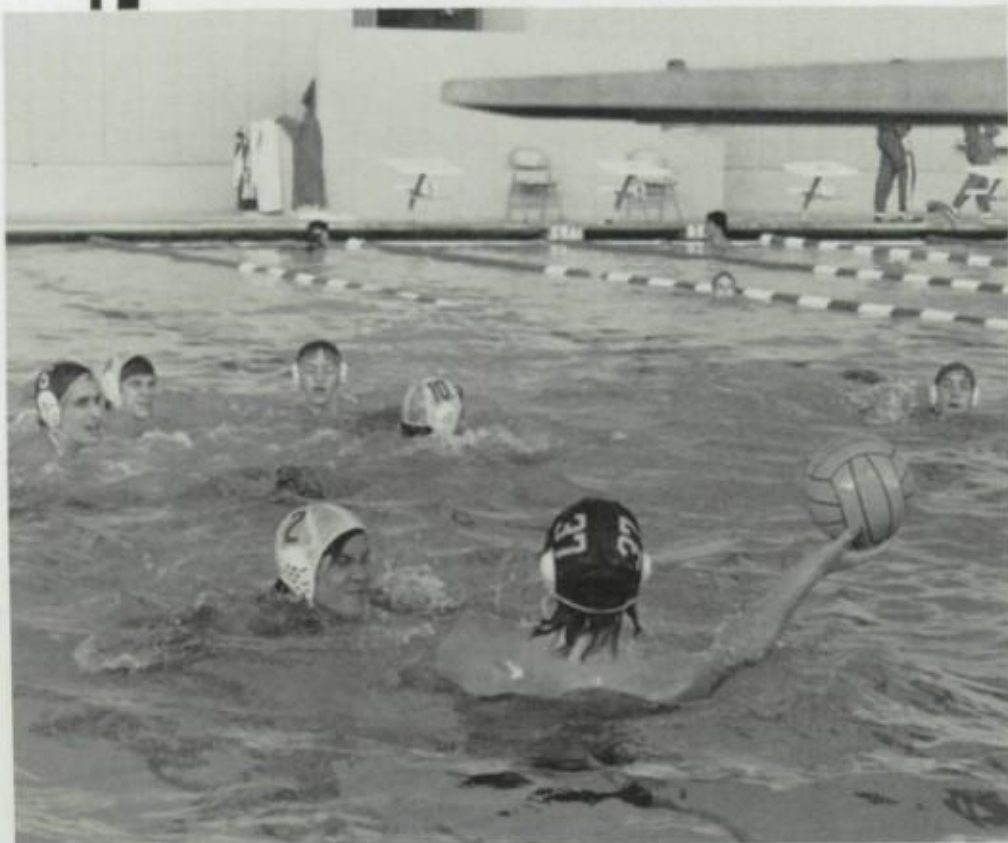

Individually, the water polo players did well. At the awards banquet, many of the starting players received high honors. Steve Larson was voted most improved player, David Miller was honored as the team captain and goalie, Tim Wilkinson was most valuable player for 1982. Jared Thorkelson and Steve Larson received All Century League Honorable Mention Certificates; Scot Malloy and Tim Wilkinson, one of the Century League's best goalies, were voted to all Century League second team.

The 1982 varsity water polo team was one of the best over the past few years at Santa Ana High. The entire team worked very well as one unit and performed well with an excellent coaching staff that has built a top-ranked team.

The Saint defense, the best in the league for 1982, takes a break between plays.

The 1982 Saints finished second in the Century League behind co-champs Foothill and El Modena. This year's Varsity team, led by junior Q.B. Cary Conway, provided many exciting moments as the squad advanced into the 2nd round of the C.I.F. playoffs, losing to eventual C.I.F. champions, Los Altos.

The fine 8-4 record of the team does not fully depict their success this year. The fact that only 10 points separated the team from a perfect season is proof of this. Santa Ana led the league in total defense and finished the season 8th in the county. The amazing fact was that the majority of the team were underclassmen. The Century League recognized this, awarding Coach Tom Meiss the "Coach of the Year" award.

Varsity Wrestling

The 1983 Wrestling season will be remembered as a season that provided some great and disappointing moments. Nevertheless, the hard work and dedication exemplified by these fine young men will long be remembered. Wrestling is one of the most demanding of sports and requires not only great conditioning, but a strong will to continue in spite of adversity.

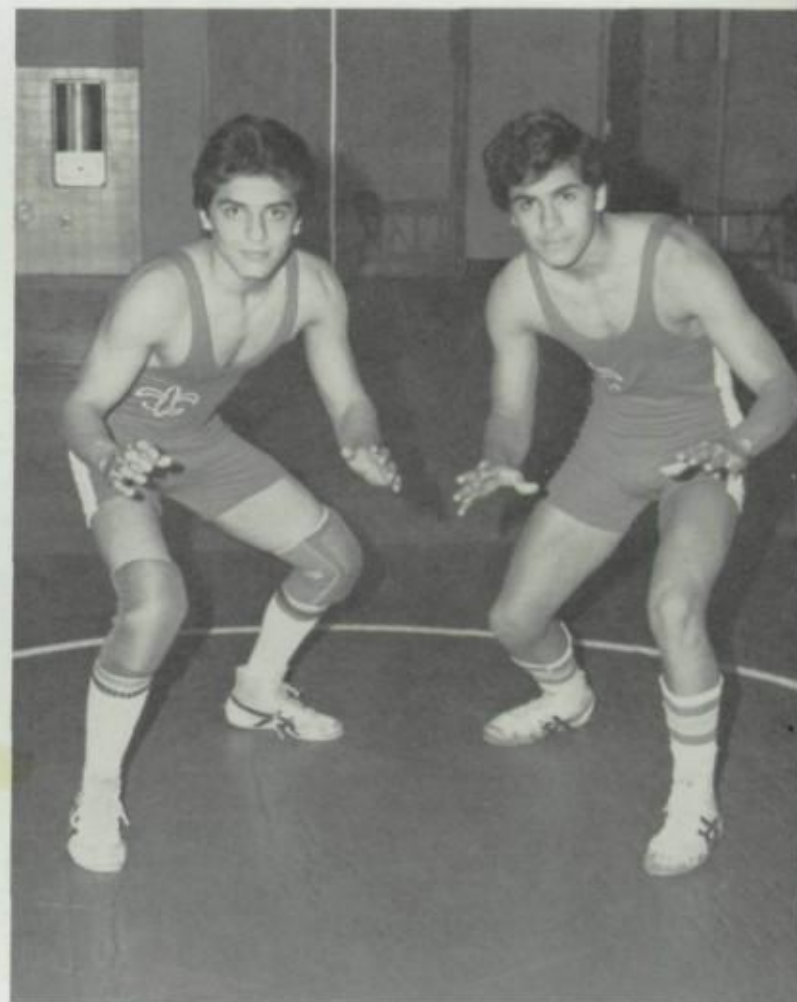

Three Saints made it to the C.I.F. finals: Jesse Valencia, Victor Cervantes, and Hector Urias. Hector placed second in the tough Century League. Victor was third, and Jesse took this year's Century League Championship. Jesse continued to the 4A finals and came in second place.

This was Coach Ron Roper's first year at Santa Ana High. He has been coaching wrestling for six years, the previous years at Valley. "The guys with experience did an outstanding job," said Coach Roper. "The inexperienced wrestlers developed needed skills that will help them next year," he added.

Varsity Hoops

The 1983 varsity basketball team, although lacking height, had a very successful season. The philosophy of working together as a team was proven true this year. They played strongly throughout each quarter of each game.

After a slow pre-league start, the Saints began to show promise. They defeated every team except Foothill in the first round of league play. These victories included two exciting one point differences over crosstown rival Santa Ana Valley and Orange High. At the end of league play, Santa Ana finished second overall.

They ventured into CIF play and defeated Dana Hills in the last two seconds by a twelve foot turnaround jumpshot by senior Kevin Harris. The saints then traveled to Palm Springs and were defeated in second round play.

Santa Ana showed great success this year and overcame many hardships. In the absence of Robbie Johnson, the other team members played extremely well together. Seniors Kevin Shanks, Kevin Harris, Scott Sterling, Rick Salcedo, juniors Robbie Johnson, Tony Brown, and sophomore Roger Flores led the team to success.

Juniors Hoops

J.V. Basketball was a strong preparation stage for the team members to advance to the varsity stage. This fine group of individuals performed well in league play due to excellent group of coaches. The 1983 J.V. Basketball team's fine contributions show promise for the up and coming varsity team.

Sophomore Hoops

The Saints sophomore team concluded its best season in years thanks to the determined play of some hardnosed cagers. Coach Katz's starting five included guards Carmelo Cruz and Jeff Gray, forwards Chris Platter and Don Raass, and center Larry Poencet. Reserves Rich Telles and John Torres also provided the winning touch for a victorious league record. Most Valuable Player on this year's team was hot shooting guard "Melo" Cruz.

Freshmen Hoops

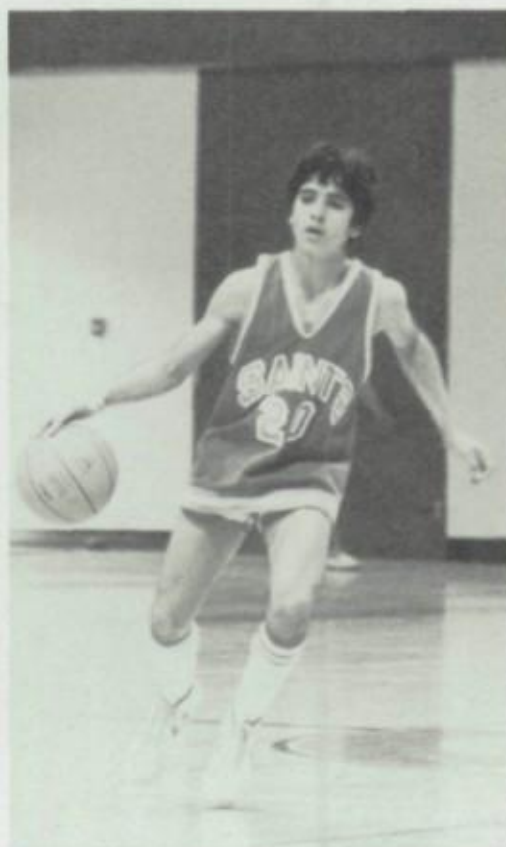

The Saints freshmen team of Coach Johnson continued the tradition of outstanding frosh squads at "Saintsville." The "Baby Sints" were paced by the standout play of Center Eric Turner and guards Mando Olivares and Hector Olivares. Also providing the way for the fastbreaking frosh was the play of Shaun Sterling and Darren Fong. Again, this division had a winning league and overall record.

Boy's Swimming

The wet Saints have experienced a great growth both in size and ability. Many young new swimmers have joined the team along with the much improved Varsity members.

The excellent recruiting skills of head coach Mike Eich have contributed to the team's growth. They have more than doubled the number of aquamen from previous years.

Though hard work, dedication, and a great deal of mental toughness, times have dropped and scores increased. They planned to be represented in CIF competition.

In a very tough century league, the Saint swimmers are making a name for themselves.

The fine coaching of Bill Ross plays a major role in the team's success.

The 1983 Saints won the Santa Ana - Newport City Tournament by defeating Corona Del Mar 10 to 5, Saddleback 4 to 3 and Mater Dei 12 to 0. The Saints were led by Seniors Albert Camacho, Albert Lopez, Tony Barragan, and Scott Sterling.

Varsity Volleyball

The Girls' Varsity Volleyball team had one of its most successful seasons ever in 1982. The team had an impressive 14-2 record for the year, losing only to Orange and Villa Park. Their record was good enough to capture 1st place in the Century League. The Varsity Team was strengthened by the consistently strong performances of Trisha Sasan, Shirley Naea, and Taiai Naea. Taiai and Trisha were selected to the Century League First Team. Taiai Naea was also honored by being chosen as Most Valuable Player in the Century League. Shirley Naea, Taiai's cousin, was selected to be on the Century League Second Team. This year's championship team was led by coaches Paula Panagon and captains Cheryl Martinez, Taiai Naea, and Sharon Ferretti.

J.V. Volleyball

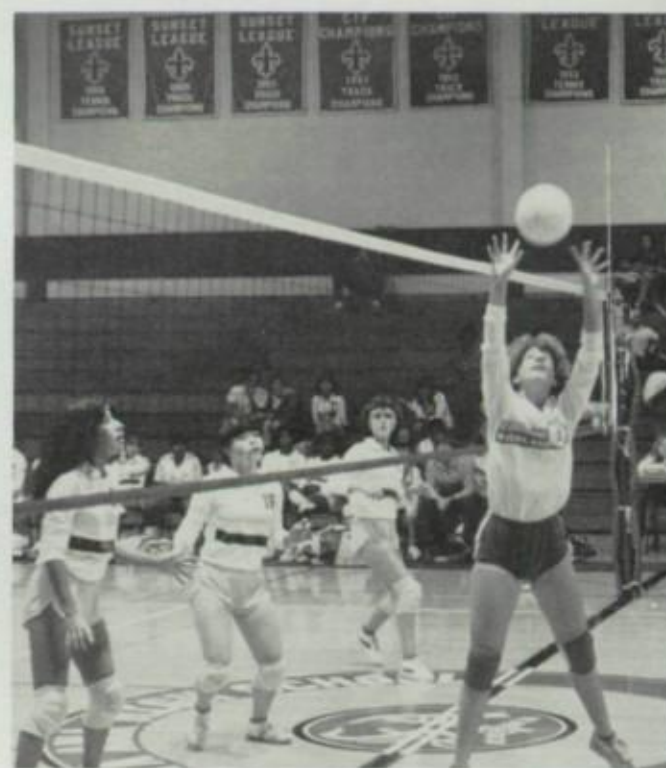

This year's J.V. team was probably the only team in the Century League with only two returning sophomores. Maria Hernandez and Isabel Nagerian played for Miss Panagon as freshmen. Nonetheless, our squad of "nestlings" gave an impressive performance this year and promise to really make their mark next year. Stephanie Angier and Josie Sandoval have developed as excellent setters, and Valerie Williams learned to hit so well that we will be lucky to keep her away from Varsity.

The J.V. Field Hockey team had a good season for a new team in a new league. The Garden Grove League is the most difficult high school league in the nation so a record of 4-4-5 is a good showing for the first season.

Nearly all the players will be returning next year, and with the knowledge, technique, and experience gained this season, next year's season is sure to be outstanding.

The Field Hockey awards went as follows: Kathy Graves received the coaches award; Mee Mouavangson received most improved; Marsha Lopez received Best Offense; and Denise Hockersmith received most valuable player.

Varsity Field Hockey

The Varsity Field Hockey Team played very well this year in a tough new league. The Saints finished the season with a 1-11-2 record. The young team gained much needed experience and finished with some extremely close games.

On defense the Saints were led by senior goalie Ester Chavez and sweeper Dolores Sanchez. The offense was led by senior captain Brenda Hood, the only Saint to make first team all league, and Janell Sall.

The team is looking forward to a successful 83-84 season with outstanding returning varsity starters Marie Christensen, Diane Aholelei and Ana Reveles.

The Girls' Varsity Basketball team played in their first tournament and did very well, going all the way to the championship consolation game where they lost to Estancia. Most of the team were returning varsity players except for Lamar Barrera and Jill Vance both of whom did very well adjusting to the varsity level. Maureen Kelly was the teams top scorer who averaged 20 points a game and 14 rebounds. Maureen Kelly, captain of the team, was ill the beginning of the year which got the Saints off to a slow start. Leslie Fields and Susan Sobraski did a good job leading the team.

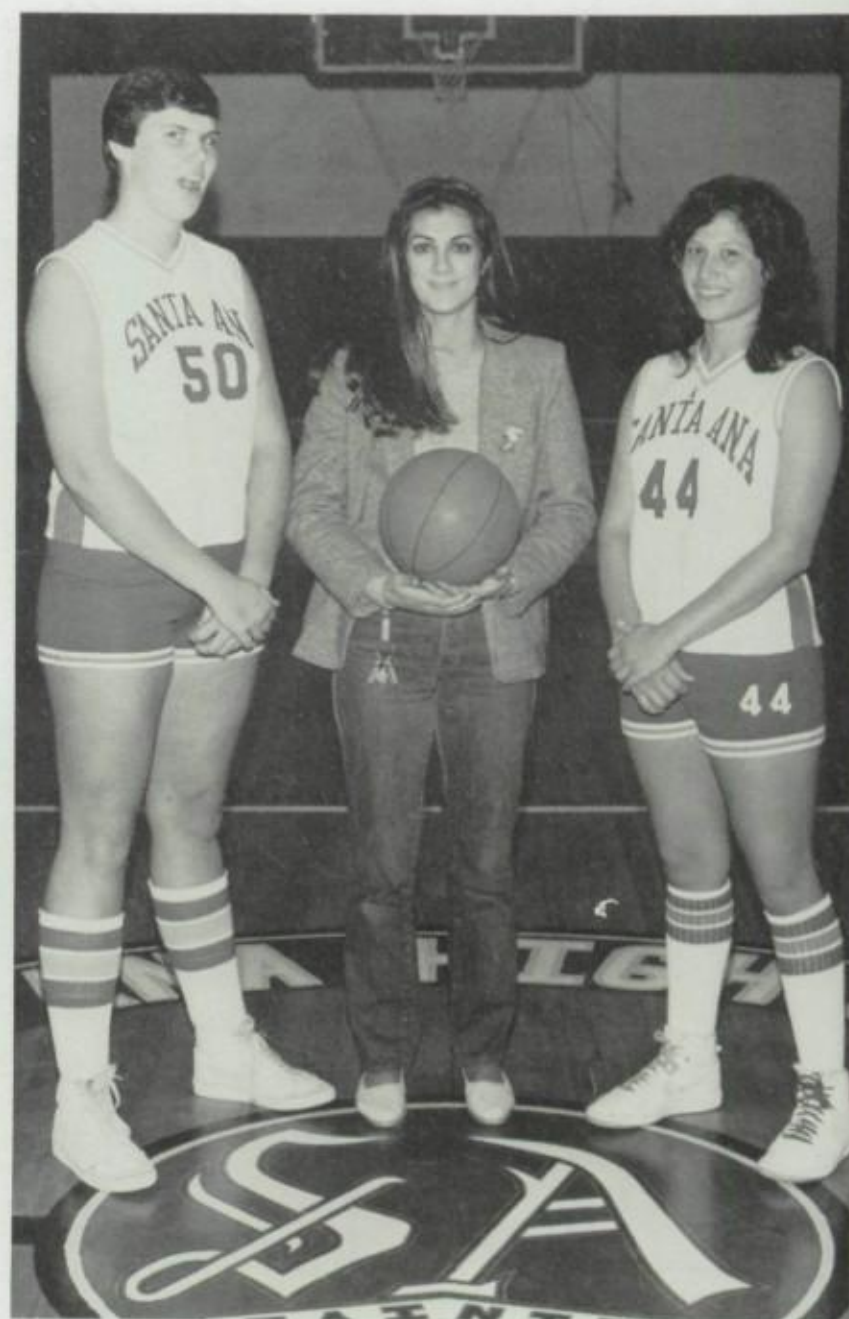

The girls worked very hard to beat some top teams like Tustin and Santa Ana Valley. The pre-season record was 5 wins and 3 losses; The league season record was 6 wins and 8 losses. Maureen Kelly was Most valuable player; Leslie Fields, best all-around offensive and defensive player; Lamar Barrera, most improved player. Maureen Kelly made the first team all league selection.

This year the J.V. softball team consisted of five returning team mates with Kathy Aguirre leading the outfield with her accuracy and strength in throwing, not to mention Norma Escobedo who has the agility, eagerness, spirit and dedication to play in every game. Diane Leon and Deidre Lyles will be heading the pitching staff. Both are young but with the special talent for hard work, and their flexibility, you'll see a lot of them in the future on the pitching mound. Along with the rest of the new comers and their agility, the J.V.'s should have a strong and eventful season.

Girl's Swimming

The girls swim team has benefitted much from the addition of a new coach, Maureen Taylor. This year they are fairing well in competition where previously they couldn't field a full team.

The number of female swimmers has increased so suddenly that it has almost been a problem for the coaches to fit them all into a meet. It is a problem they are glad to face, though.

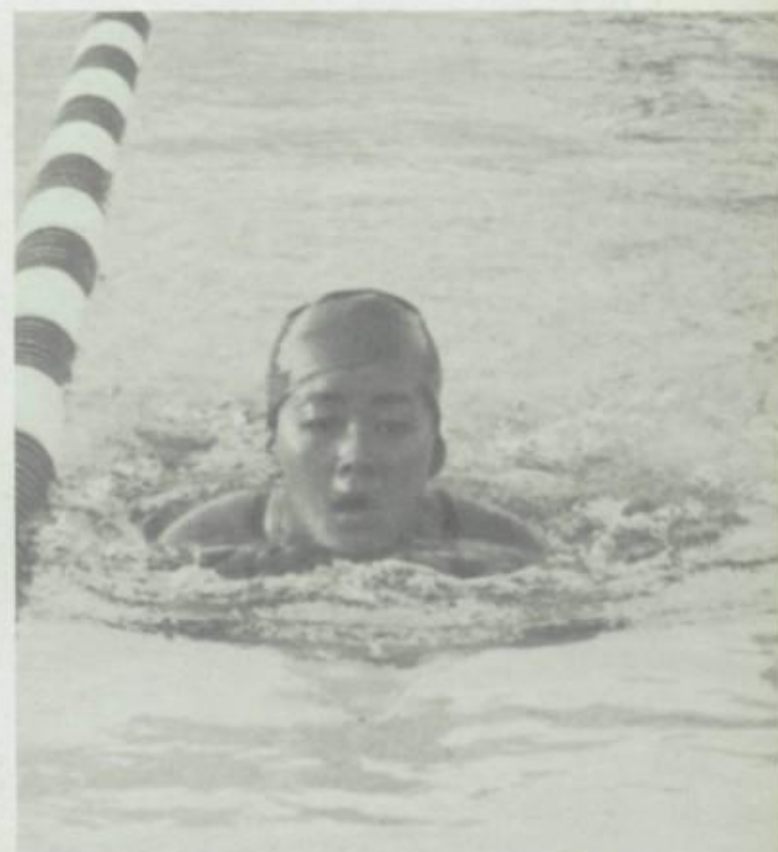

Also lending a hand to the growing program are Coaches John Nickel and June Weideweller whose assistance is appreciated and whose help has led to a stronger team.

For many years the track program here at Santa Ana High has been a very strong athletic force. This is very evident by the large number of trophies in the main hall. This year the boys' and girls' track team made an excellent showing during league play and during the finals. Also a number of participants went to the coveted C.I.F. tournament where the best were gathered and competed for highest honors. Many thanks go to these unsung heros of S.A.H.S.

ORGANIZATIONS

Organizations are inevitably a major part of SAHS and its students. Due to the large number of students enrolled at Santa Ana, many clubs and organizations were functioning this year. Many clubs that were stagnant in the previous years became quite active during the course of the year. Also, many clubs that were non-existent, formed.

If these clubs had not existed, many groups, ethnic and non-ethnic, would not have grown closer to each other and many friendships would not have formed. Organizations were a major part of the planning of various activities throughout the year. These activities, second only to academics, helped students to better enjoy the year.

Whether these organizations were academically, athletically, or socially oriented, they were a benefit to each student who participated and partook of each club's advantages and activities. Indeed, **IT TAKES ALL KINDS** to make up our organizations.

Dance Repertory is a club whose goals are to further the art of dance. The members study Ballet, Modern Dance, Modern Jazz, and Afro-Haitian dance. The members of Dance Repertory perform several concerts at convalescent homes, elementary schools, junior high schools, and our own Santa Ana High. An integral part of the club is the Santa Ana High School Dance Company. This group has performed with Dance in Action as well as entertainment specials at county events. Dance Repertory is directed by Mrs. Jennie K. Hayes. Scholarship winners for 82-83 are Maria Cruz, Ann Marie Gonzaga, Cecilia Gonzaga, and Jancy Hampton.

Junior State

The Junior State Club is organized to generate a political interest and awareness among high school students. The SAHS chapter was chartered in 1980, and so far this year has been its most prosperous year. The club attends debates in Los Angeles, San Diego, and Sacramento, as well as weekly debates in the lunch area or in their meeting room. Many hours are devoted to fund-raising to defray convention costs and club expenses. The Junior State is a state organization that runs comparable to our state's governmental system with a Governor, Lt. Governor, Speaker of the House, and others.

Academic Decathlon

The Orange County Academic Decathlon is an all-day competition held in November for the Junior-Senior team, and in February for the Freshmen and Sophomores. The competition involves six written examinations in math, English, science, social science, fine arts, and economics (Junior-Senior), or study skills (Frosh-Soph), and the Super Quiz. There are also three demonstrations in conversation skills, prepared and impromptu speaking, and essay writing.

This year, an optional performance category was added to the competition: talent. Senior Scot Malloy placed first in vocal competition when he performed before more than 2500 people at the awards banquet held at the Anaheim Marriott Hotel.

Kiwanis Bowl

The Kiwanis Bowl is based on intellectual competition in testing recall of a wide variety of facts and general knowledge. It is a single elimination tournament held annually among the various high schools in Orange County and Clark County, Nevada. Each county conducts its championship play-offs and meet for the Grand Championships play-offs, alternately in Orange County and Las Vegas. Santa Ana High School Kiwanis Bowl teams have upheld the tradition of Kiwanis Bowl by competing successfully in each of the 18 years of Kiwanis Bowl competition.

AFS

Jennifer Wilhoit, a senior at SAHS, went to Iwate-Ken, JAPAN for a year, through the American Field Service. The purpose of the program is for a student to live with a family (in this case, Japan) for one year and attend school to learn and understand more about Japanese culture and life-style.

Jennifer went through three months of intensive training to learn the basics of Japanese language and culture. She entered as a second year student at a Japanese high school, which is equivalent to a Jr. in school here. She attended all the regular classes, but mostly studied Japanese History, Literature, and Writing. She also was involved in Chorus, Calligraphy, and Flower Arrangement Clubs. Jennifer feels that School is much harder and stricter in Japan, and students have more respect for their teachers.

Jennifer had a great time in Japan and fit into the lifestyle well. She learned much about the culture and felt that living there was a very good experience.

Katarina Dahlin

Katarina Dahlin comes to us this year from Uppland Väsby, SWEDEN (located 30 KM from Stockholm, the capital of Sweden). She is sponsored by the Education Foundation for Foreign Students.

Katarina's host family is the Sheffield family. The Sheffields have hosted many students from Sweden, including Per Karlsson, who was with us last year. In Sweden she has a mother, father, and two sisters.

Katarina has enjoyed living in America because she says that you get to know people better. She likes the idea of having sports in school and is a member of the Santa Ana High track team. In Sweden people join sports clubs after school, but they are not as involved in sports as we are in America. She also likes the way one can schedule classes the way one wants here. In Sweden the classes are chosen for you.

Katarina enjoys learning new languages and hopes to become a Spanish Interpreter.

Katarina's family in Sweden.

SWEDEN

Katarina and her host family.

Australia

Fran Tenison is here this year from Canberra, Australia (The Capitol). She is staying with the Chambers family and has a host brother and sister. In Australia she has two sisters and three brothers.

Fran is involved with the Close-Up club and is planning to go on the one-week trip to Washington D.C. with them. She likes education in America because she thinks that there is more spirit in the schools here.

Fran plans to go to a Film and Television school in Sydney, Australia, sometime in the future to become a camera person.

AFS provides encouragement to students who apply for foreign exchange assignments and for host families. It tries to bring the understanding of different cultures to the students.

Bio-Med is composed of three classes: mathematics, science, and social science. Students take three classes in a row. This year it was second, third, and fourth, which enabled field trips to be taken without interfering with the normal school schedule. Some places the Bio-Med organization visited were Fairview State Hospital, Fairhaven Memorial Park, Free Clinic, and the Coroner's Office of Los Angeles. The advisors for this year were Mrs. Barbara Johannes, Mr. Glen Rice, and Mr. Mike Duszynski.

Girls' State

Girls' State was a seven day experience in Sacramento that was unforgettable. Six hundred girls chosen from all over Southern and Northern California came together to set up an active government of their own near the capitol of California. The insights I gained on our democratic system surpassed all classroom and book knowledge. Taking part in the campaigns, trials, elections, speeches, laws, and law neforcements opened my eyes to a new world of politics. Going through the city, county, and state governmental procedures increased my interest and understanding of our government and how it works.

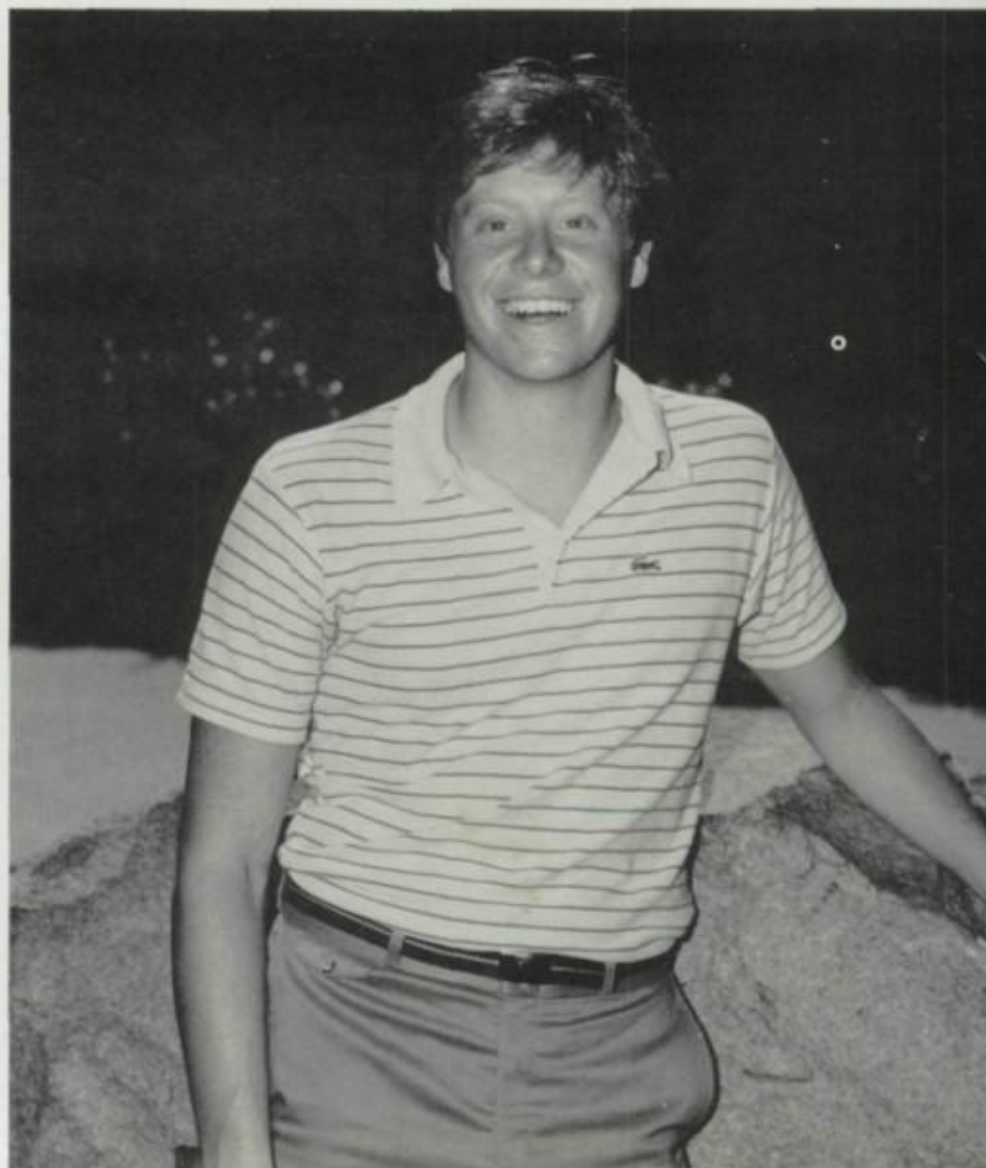

-Brenda Y. Hood

Boys' State

Boys' State is a "Hands on political science laboratory." Young men from all over California come to Cal-State Sacramento and set up a mock state government from city councilman to governor. The two parties, the Whigs and the Federalists, write their platforms and campaign for their candidates. Boys' State is sponsored by the American Legion. I highly recommend it to any one interested in the workings of government.

Unity Club

The Unity Club had a busy and prosperous year. Not only did they co-host our annual Winter Dance, but the distinguished club also organized fund-raising activities. Included in these were a car wash, a candy sale, and a field trip to a major television studio, all of which were very successful. Although the primary goal of this club is to promote the development of minority culture within our society, the Unity Club's strong vibrations are felt by all.

Art Club

The Art Club of Santa Ana High was composed of a very talented group of students guided by Mrs. Pat Whiteside. Throughout the entire 1982-83 school year, the Art Club visited many museums and art galleries such as Bowers Museum and the Norton Simon Museum of Art. The club gives students the opportunity to continue art projects outside of class and helps them form a fellowship of creative people to explore new ideas.

Surf Club

The Surf Club is a new service and social organization at Santa Ana High School and has only been in existence since second semester, 1983. One of its activities the Surf Club performed this year was to furnish the Girls' P.E. sports banquets with set-up crew, waiters and waitresses, and clean-up crew. They were very successful with the Field Hockey/Basketball Banquet. The club met once a month at the beach to share surfing techniques and the great outdoors. There will be an inner club contest and the possibility of competitions between other surf clubs in the area. The co-ed club consists of advanced surfers as well as beginners and is advised and taught by Miss Reenie Taylor and Mrs. Diane Weeks, both of whom are former surfers.

ARIEL

Under the fine guidance of Mr. Truman Risa, the 1983 Ariel staff has managed to produce a yearbook of the highest caliber.

Dedicated staff members worked many long hours to enhance the quality of this fine publication. Many thanks go to the faculty for their cooperation in bringing this book to the student body.

The Ariel staff hopes the 1983 Ariel will preserve the fine memories of a year gone by and that it will be cherished in the years ahead.

B.O.C.

The Board of Control had a very busy and successful year. The student government met 5 days a week in order to plan activities, discuss and make school policies, and to experience parliamentary procedures. The theme this year was to serve the Santa Ana Community; the Blood Drive was a great success as were the other service projects. The fact that a huge percentage of students turned out to vote this year, insures an active, representative Board of Control next year.

Suitcase Full Of Dreams

Heading into the future
With a suitcase full of dreams.
Knowing that tomorrow we'll be free.
Though all of us are different,
The suitcase is the same,
Holding dreams we've had since we were three.
Tomorrow feels uncertain,
But we know we can't turn back.
There's no place in the past for us to hide,
For the future we have folded
Carefully within the case,
Waits to feel what it's like to be alive.
As we stand out on the threshold
Of tomorrow, all alone,
Waiting for the magic to begin.
The suitcase starts to open.
And the dreams all come to life.
Then the future's hands reach out and pull us in.
While we dance among the miracles
Each of our hearts has made.
We build upon the dreams we each began.
When we were all but children,
And the future so complex
For any of our minds to understand.
But we were all so different
And yet, so much the same.
Holding dreams we'd had since we were three.
Heading out into tomorrow
With our suitcase full of dreams,
Knowing that someday we'd set them free.

Senior Class Officers And Cabinet

President: Brenda Hood; **Vice President:** Henry Salce; **Secretary:** Patty Mojarro

The Senior cabinet has been very active this year planning and organizing not only senior functions but also school activities. They promoted the Blood Drive on campus and collected 67 units of blood. They also put much creativity into Sadie Hawkins. The Variety Show was another big project taken on by the mighty class of '83.

The Senior Class Cabinet was also in charge of planning such important end of the year senior activities as the Senior Picnic, Bacaloretat, and graduation. The efforts and commitment of the 1982-83 Senior class cabinet were for the purpose of making this year's Senior class the best that could be.

UNDERCLASSMEN

The spirit and pride that has been generated by the underclassmen of the '82-'83 school has been phenomenal. Under the leadership of Deana Thomsen, Mimi Motoyoshi, and Lupe Morales the classes have brightened the school year with their fundraisers and activities.

The freshmen and sophomore classes were busy raising funds for their accounts. Candy sales, bake sales, car washes and T.V. taping trips are just a few of the activities sponsored.

The junior class was responsible for the Prom this year. They raised money by holding bike-a-thons and various other activities. The mighty class of '84 was also a major competitor in class competition.

It was the tremendous participation of the underclassmen classes that has helped make S.A.H.S. the mighty school it was this year.

Juniors

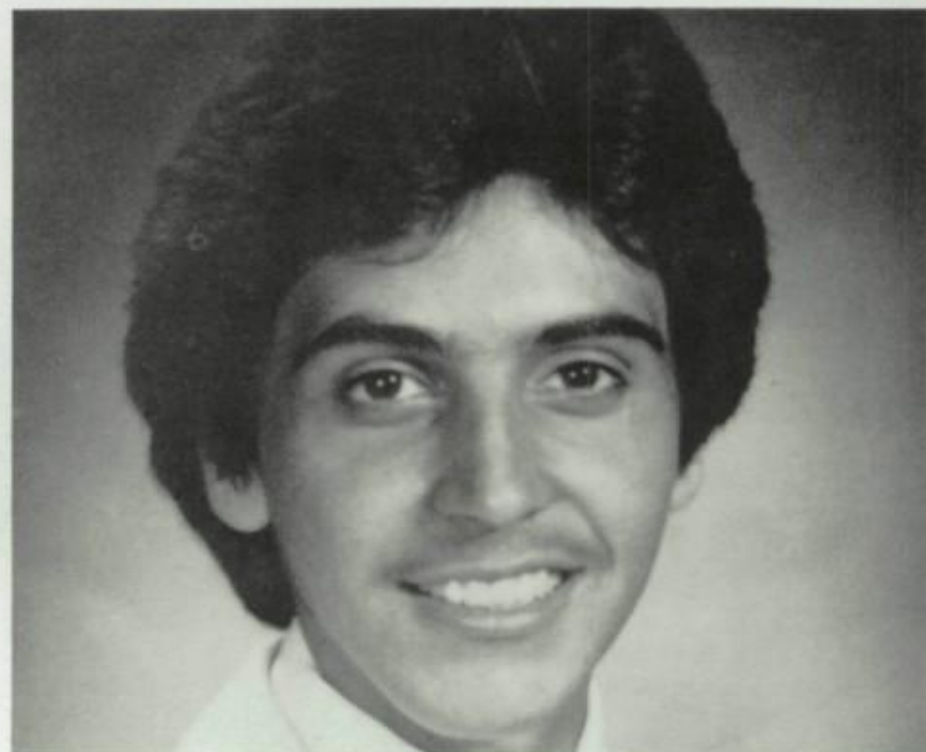

The class of 1984 was very active raising money for the Junior Senior Prom which was held at the Queen Mary in Long Beach. Some of the fund raisers held were candy sales, car washes, and bike-a-thons. They also sponsored various events like skate parties and T.V. tapings.

Class competitions were another activity that they tried to excel in. Tug-o-war, food drive, and board decorating are just a few examples of their handy work.

The class of '84 was one of the most spirited and involved classes in a long time. Mimi Motoyoshi has done a wonderful job organizing her class by thinking up new ideas for raising funds for the Prom.

Freshmen

This year the class of '86 earned \$200 to start their account. In order to achieve this goal, the freshmen activities consisted of box sales, car washes, and many other events needed to raise this money. The officers would like to thank all the cabinet members who were willing to help contribute a large amount of time and effort into these money raising activities. Along with them, Mr. Koelle, our advisor is also to be thanked for his guidance in these activities.

FACULTY

Our faculty this year was made up of many different people all striving for the same thing - to give a good education to all students. A high value should be placed on an education. The Santa Ana High teachers' main goal was to give students an education that would prepare them for their future.

Chemistry teacher, Steve Pratt, after being asked what he likes about teaching at S.A.H.S. said, "Well, vacations are nice, no, seriously, I like teaching here at Santa Ana. I get a certain satisfaction when I see the results of my teaching. Many students come back from college who are on their way to becoming doctors and scientists. When they tell me that Santa Ana High teaching prepared them for this endeavor, then I see the true results of my efforts."

Mr. Pratt, as well as all teachers here, want to see the results come out of their teaching. "It Takes all Kinds" of administrators and teachers to make up the balanced curriculum that we have at Santa Ana High School. We, as students, should feel privileged to have the opportunity of receiving an education from a fine faculty.

ADMINISTRATION

"Every day in every way we get a little better"

was the beginning message of Mr. Gerald Arriola's first year as principal of Santa Ana High School. Mr. Arriola came to us from Huntington Beach-Edison High School where he was a vice principal. His program here has the keywords "academic excellence" as its focal point. Mr. Arriola has stated that there are a lot of good things happening here and that we want to share them with the community. He has stressed an education that will prepare the students for a successful life be it in the academic field or in the field of work.

**Mr. Gerald Arriola

Mrs. Joan Lucero
Asst. Principal, Curriculum

Mr. Andy Hernandez
Asst. Principal, Student Relations

Mr. Howard Haas
Director of Student Activities

Mrs. Joan Lucero and Mr. Engman In conference

Mr. Howard Haas is new to our school this year as Activities Director. Formerly he was the drama instructor at Saddleback High. Mrs. Lucero continues in her position of Assistant Principal, curriculum director. Mr. Hernandez, in his second year as Assistant Principal, student relations, keeps the school orderly and under control promoting a good learning environment. Mr. Engman is the Assistant Principal, guidance and counseling, a position which he has held since 1974. Mrs. Lucero, Mr. Engman, Mr. Haas, and Mr. Hernandez are all members of the administrative staff directed by Mr. Arriola. The Administrative staff works for the improvement of instruction and academic excellence. In addition, they strive for a wholesome and desirable learning environment looking to the community for input and involvement necessary to make Santa Ana High a worthwhile learning experience for all students.

Support Staff

Many different people helped to make our school successful. Jobs were done "behind the scenes" that we, as students, should recognize. Much of the organization of our school was done by these people who made our high school years better. By each doing his own part, a valuable contribution was made to S.A.H.S.

The teacher aids, for example, helped teachers to educate students. In doing their part, the aids helped provide a better education.

All of these people have contributed to Santa Ana High School. The entire project of running the school could not work without their efforts.

Current Events

The events of 1982-83 will long be remembered by all. During the year many changes occurred in our country and in the world. President Ronald Reagan, entering his second year in office, faced many problems of our nation. He reduced the inflation rate from 12% to 5%, and the interest rate from 20% to 10.5%. The major problem the Reagan administration is tackling at present is lowering the level of unemployment which affected so many Americans during the year. President Reagan's challenge for the future is to control deficit spending.

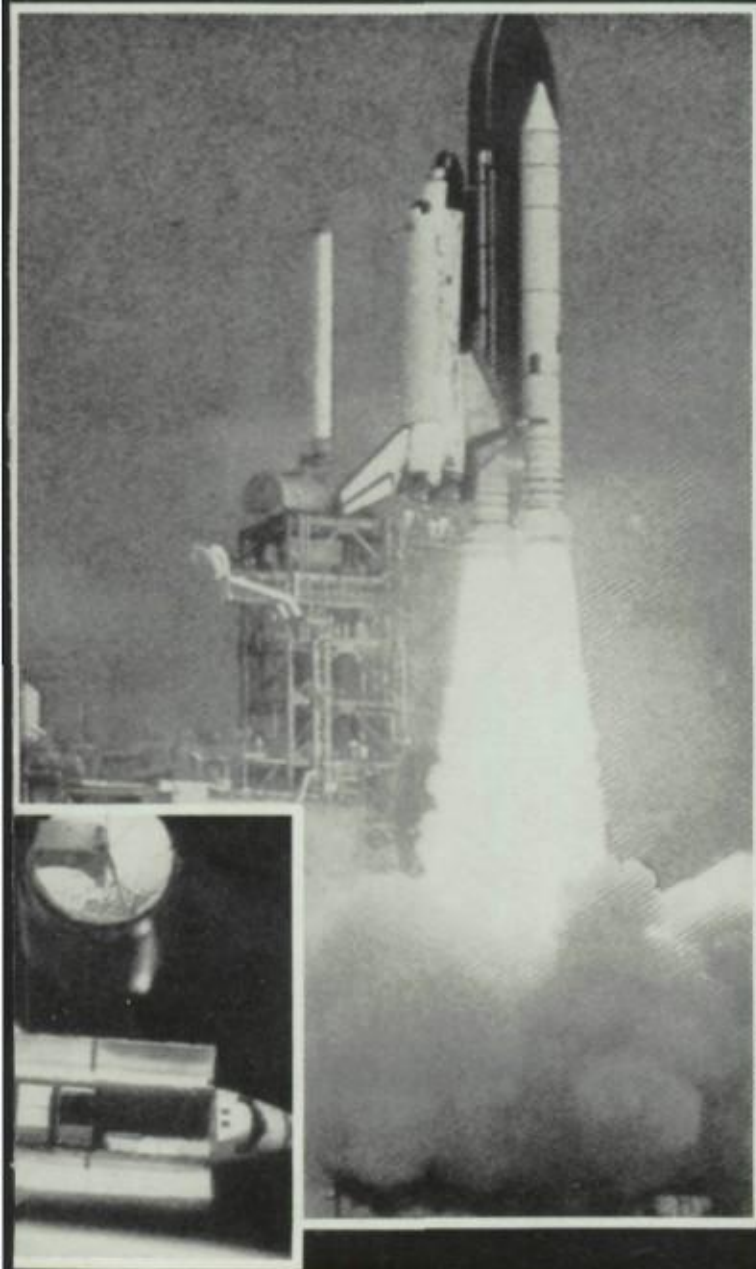

In 1982 the Tylenol scare made skeptics out of most Americans. After seven people died from cyanide-laced Tylenol capsules, a recall was made. Americans suddenly were afraid to take any medicines. This unfortunate event spread fear across the country.

A major concern during 1982-83 was the opposing world power, the Soviet Union. Soviet leader Leonid Brezhnev died in 1982, and a new ruler, Andropov, rose to power. As former head of the KGB, Soviet Secret police, Andropov emerged as a powerful leader. The possibility of a nuclear holocaust is frightening; but with the leadership of our government, we can avoid such a tragedy and strive for peace.

Prince William, heir to the British throne, arrived in July 1982, to the delight of his parents, Prince Charles and Lady Diana and the world. He was christened William Arthur Phillip Louis on August 4, 1982. The popularity of the couple increased even more as Americans looked on to see the new addition to the Royal family.

The space shuttle Columbia in its success attracted the attention of all. The Columbia lived up to its promise by successfully launching two commercial satellites and other missions. This new concept in space travel may well open the door to new technology.

Reflecting back, 1982-83 was filled with many memorable events. These events, which have emerged in the last year, will live on in the minds of all and continue to live in the future as part of our history.

Late And Great

America mourned the loss of several outstanding individuals during the past year.

Ingrid Bergman, an academy award winning actress, was described as a myth because of her openness and love for life. She starred in such movies as *For Whom the Bell Tolls*, *Casablanca*, *Intermezzo*, and *Autumn Sonata*, which was her last movie filmed in 1978.

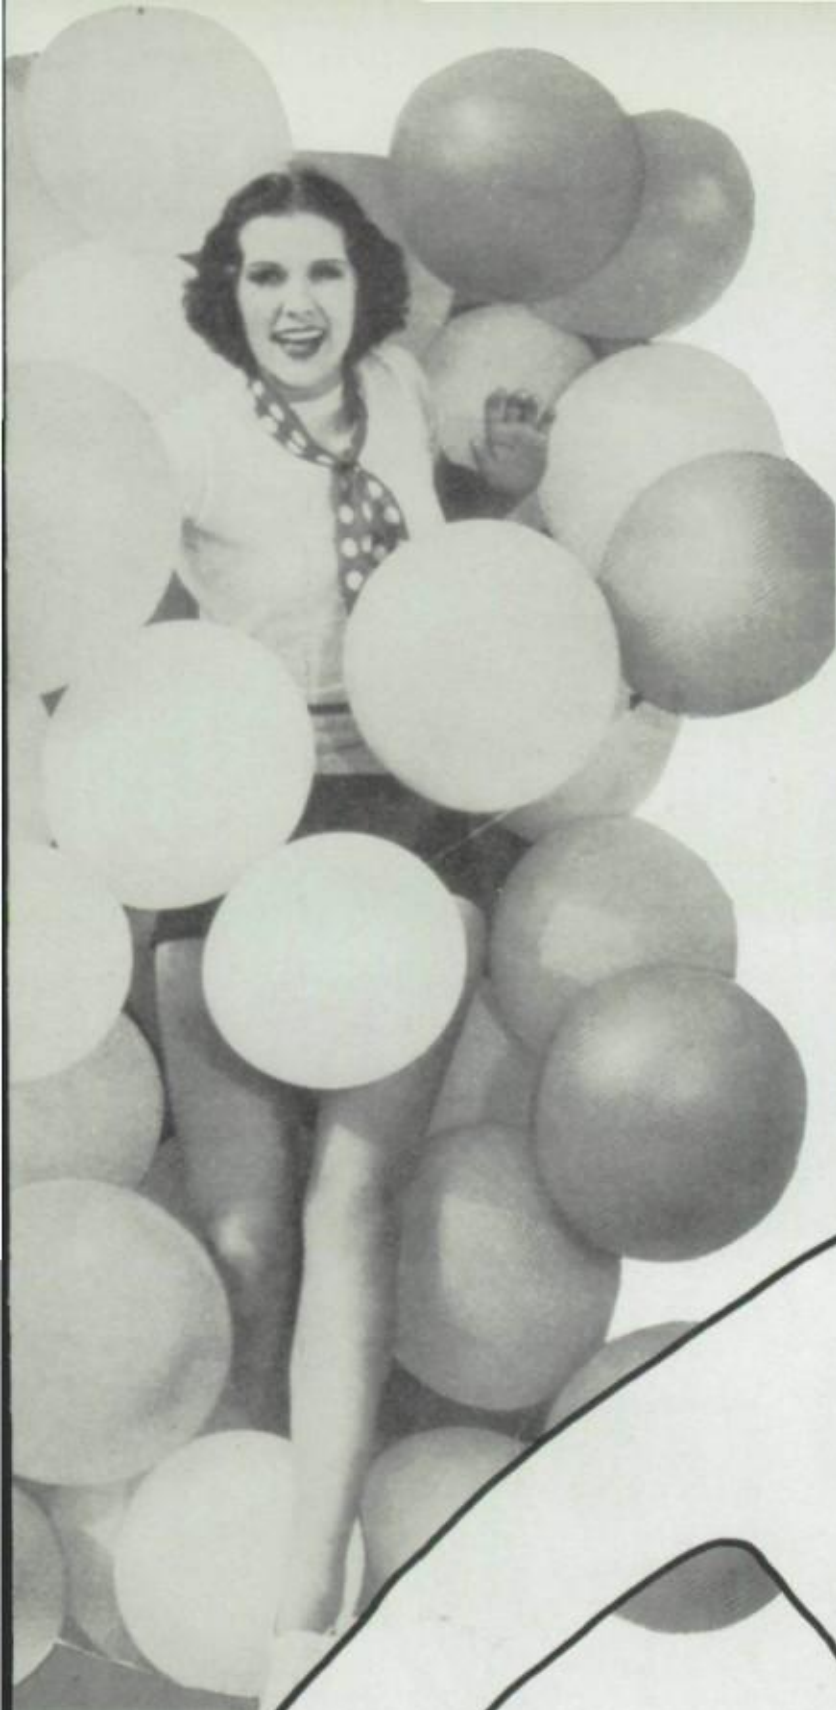

The tragic death of Princess Grace was a tremendous shock to all of America. She was part of a typical fairy tale. Grace Kelly, born in Chicago, grew up to be a movie star and married Prince Rainier of Monaco. She starred in many movies and won an academy award.

Henry Fonda, who starred in many films throughout the years, finally received a well deserved academy award for the motion picture *On Golden Pond* co-starring Katharine Hepburn. He will be greatly missed by all.

A great dancer of the thirties and forties, Elenore Powell co-starred with Fred Astaire in many great musicals that will be enjoyed for many years to come.

Paul "Bear" Bryant coached college football for 38 seasons capturing 323 victories and six national titles. He retired after his final game in the Liberty Bowl where he coached Alabama to a 21-5 defeat of Illinois.

That's Entertainment

The movie industry produced many motion pictures during the 82-83 year that will long be remembered.

E.T.-The Extra Terrestrial, one of the biggest smashes of all time, earned more than \$300 million in six months. E.T. expressed an universal message and was loved by all. The movie was highly commercialized in the form of T-shirts, dolls, posters, and other memorabilia because of its popularity.

Tootsie, starring Dustin Hoffman, was described as being the best comedy of the year. It received ten academy award nominations including best picture and best actor.

After eleven years of exceptional humor, television's finest series signed off. M*A*S*H earned its stars as one of the funniest and most humane shows ever to leave its mark on T.V. It also won fourteen Emmys and ninety-nine nominations since its debut on September 17, 1972. M*A*S*H will long be remembered in the hearts of the American people.

E.T.

Music, Trend-A-Billy

Many musical groups and trends rose to popularity during 1982-83. The Stray Cats, a popular new group, carried the rockabilly image both in their music and appearance. Their music was much like the tunes of the 50's. This style encouraged fans to follow them and wear similar apparel. The mod craze originated in England and was brought to the States by such bands as Madness and English Beat. Mod arose as a more conservative trend in contrast with the earlier punk rock era.

The ever popular group The Who gave its final American tour in 1982. Thousands rushed to see their last concerts in southern California. The Who has become a legend, their music will long be remembered.

Sports

The year in sports was filled with excitement and a few surprises. Baseball fans watched pennant races go down to the final days of the season. The Angels, led by Reggie Jackson, had a super year becoming American League Western Division Champs. The AL Championship Series was a heartbreaker for the Halos, with the Brewers coming out on top. The Dodgers made an extraordinary comeback under the leadership of manager Tommy Lasorda, but just missed the playoffs by one game. Fans were sad to see the departure of veteran infielders Steve Garvey and Ron Cey, but welcomed the new talents of Steve Sax, who well earned the "Rookie of the Year" Award. A memorable World Series featured the Brewers vs. the Cardinals, with the Cards victorious in the end.

After only a few weeks of play, the football season was interrupted by the 57-day NFL Players Association Strike. When the players were finally back in action, there was a special sixteen team playoff tournament culminating with the Super Bowl, where the Redskins overran the Dolphins 27-17.

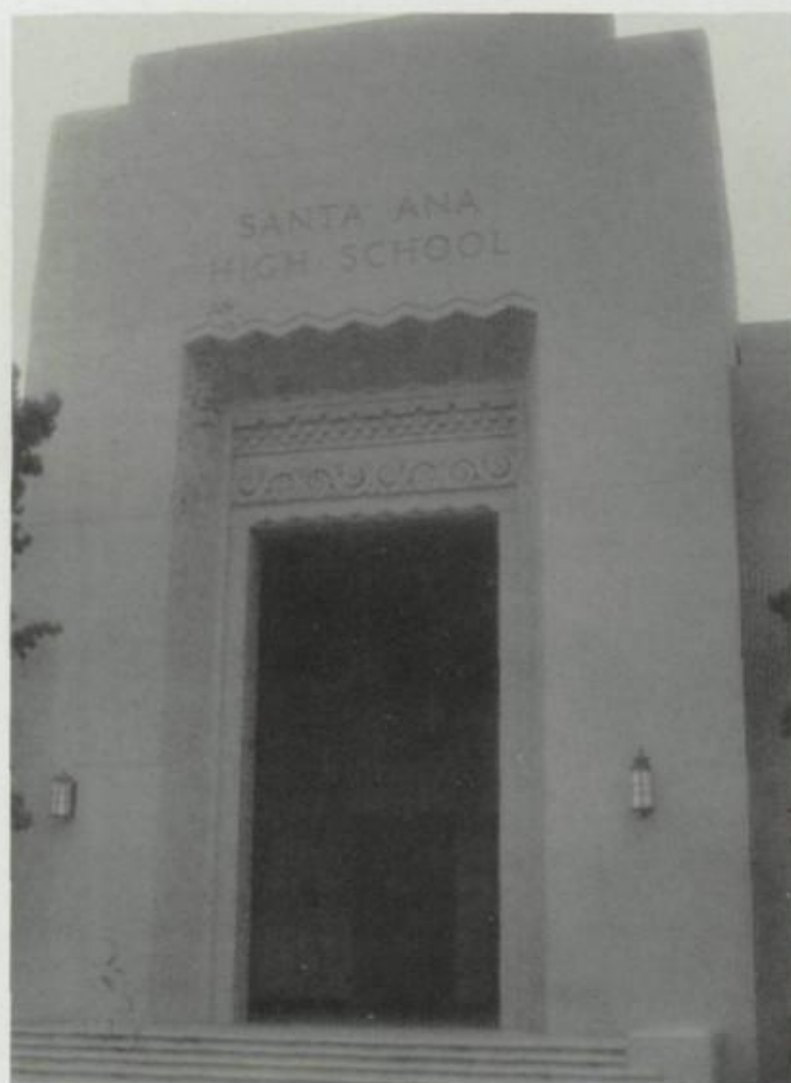

IT TAKES ALL KINDS

Where all think alike, no one thinks very much.

-Walter Lippmann

It is in part the very uniqueness of every individual that makes him, not only a member of a family, race, nation, or class, but a human being.

-Helen Merrell Lynd

How glorious it is • and how also painful • to be an exception.
• Alfred De Musset

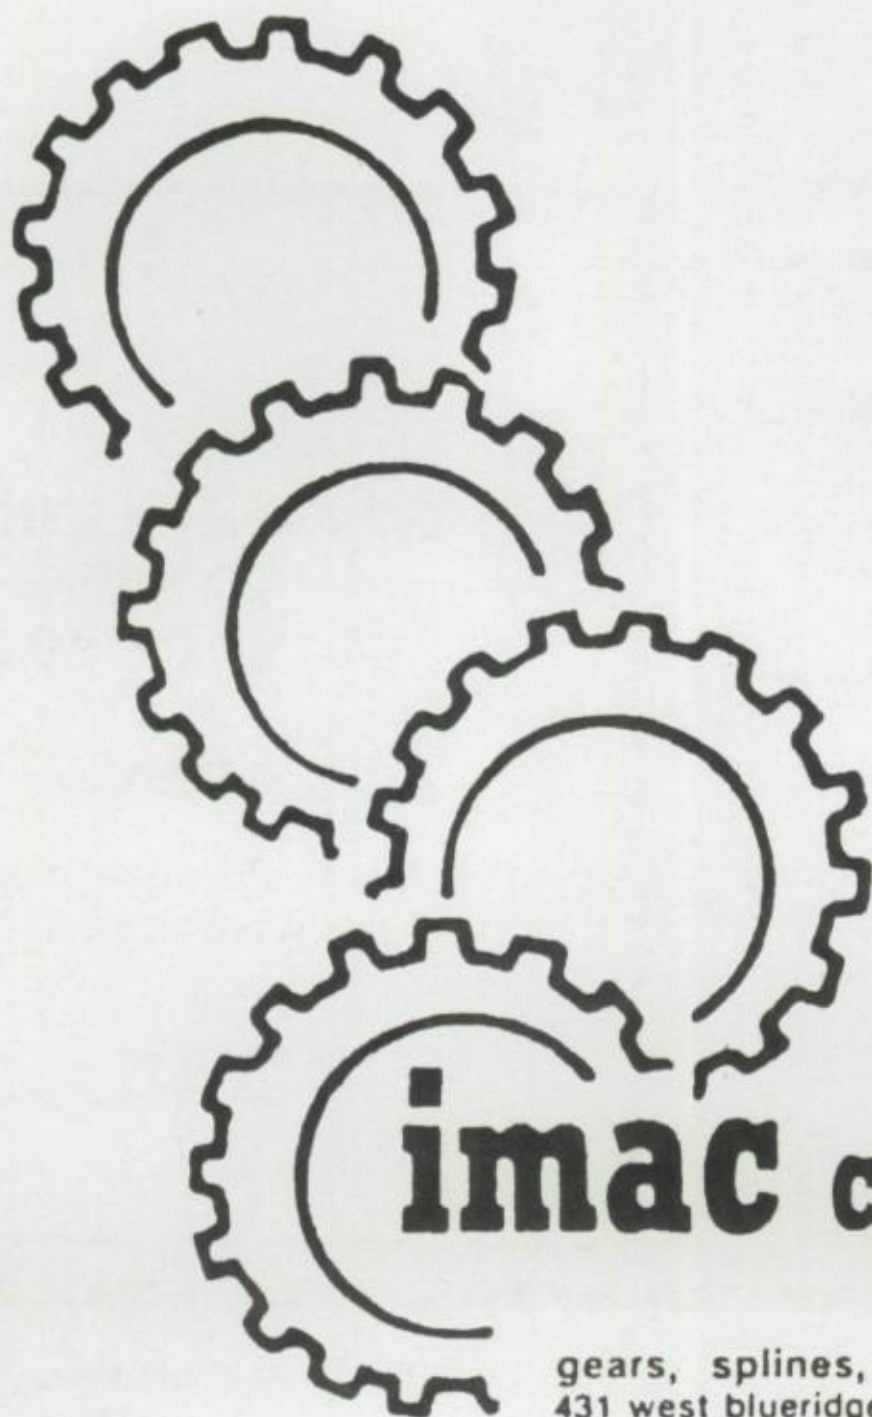

There lurks, perhaps, in every human heart a desire of distinction, which inclines every man first to hope, and then to believe, that Nature has given him somethings peculiar to himself.

Joey Guten Tag

Hi! Wow! At Hole Page to myself!!!
This year sure went by fast. Oh well.
I'm VERY glad you started to talk
to me again (after ignoring me at the
beginning of the year!!!!!! 😊)

Remember Bill Sikes and Nancy??!!

(A million years ago!) Anyhow, I hope
you have a very great summer!!!!

Maybe I'll see you some time?!! ☀️

Finish reading L.O.T.R.'s so you can
tell me if you liked it!!!! OK??

 I HOPE I'll see you next
year because your very. ? nice? ? sweet?

(whatever!!)

Fill in yourself

P.S. Get A License!!

(Just kidding)

Love

Joey,

Even though you don't walk me to
class anymore I still love you. I hope
you stay sweet I know you will.
I know I'll see ya at the library this
summer. Have a fun summer.

Love Your Pal,
Jesse Hampton

Joey

you're an awesome guy,
and a great polo partner
next year will be awesome
so hope your Fried and Polo
Partner.
Gunn Jalest

Joey,
You're a very good friend to have,
I am looking forward to summer
polo and meet your friends to summer
We will go and get some. &
hope that you will join us in
doing so.
Your friend
Mike Lopez

85 miles!

Joey,
You're a total look
and I really don't think
you could kick my butt!
But you're an all right
guy and I wish the
best in the future.
Your friend,
Tina W.

Joey, you hang,
but seriously folks,
have a great summer
and join G.A.T.C. so
you won't be a lunch
filler.

Kelly

Joey -
What a crack up
you are! You were &
still are a great encouragement
for me. Swimming with
you in the same lane has
been a ~~big~~ fun. I hope we can
do the same. Love ya,
